GUARDA™

WORK HARD. BREATHE EASY.

A PRODUCT FROM **GUARDA SYSTEMS**

Features & Benefits

- Tri-Vac Technology:
 1. Helps move harmful fumes such as Carbon Monoxide away from the operator via vacuum suction and a hose attachment to the muffler
 2. Silica dust control via a combination of water delivered to the blade guard and vacuum suction.
 3. Slurry control via vacuum suction to the blade guard
- Fumes, dust and slurry are moved down the same hose and away from the cutting operations
- No electricity & water at the saw
- Quick and easy to set up
- Suitable for general purpose concrete cutting
- Light weight for ease of use
- Suitable for 15 inch (380mm) blades with 6 inch (150mm) cutting depth.
- Complies with US emission standards (as fitted)
